## LAMBIE GETS JOB BUILDING THE BASEMENT

### Board of Control Awards Contract For $19,823 Which Includes Built-In Furniture

### COMPLETE 60 DAYS

### Balance of $25,000 To Be Used In Buying Display Cases For the Museum Exhibits

A contract was let yesterday in Austin for the construction of the basement to the addition to the Panhandle-Plains Historical Society Museum building. C. S. Lambie of Amarillo was awarded the contract by the State Board of Control. His bid was $19,823, which includes $1,000 worth of built-in furniture.

Under the terms of the bids as opened, the contractor is required to complete the job in 60 days from the date the contract is finally completed between Lambie and the state.

WPA completed excavation on the basement last week. This added about $3,000 to the value of the basement.

The money for the basement comes from the Texas Centennial fund. The directors of the His-

## J. E. Goodnight Funeral Held In Happy Saturday

Funeral services for J. E. Goodnight, 64-year-old Happy farmer, were conducted at the Blackburn-Shaw Funeral Home Saturday afternoon at 4 o'clock by Rev. Robinett of the Happy Methodist Church. Mr. Goodnight died Friday afternoon at 2:30.

He is survived by his wife, two sons, Robert and Weldon Goodnight, both of Happy, and two daughters, Mrs. Margaret Johnson of Happy, and Mrs. Fern Doebler of Amarillo. He is survived also by a sister, Mrs. L. J. Pipes of Cleburne.

Active pallbearers were L. E. Mashburn, R. B. Gist, Henry Ellis, S. L. Robinson, Clark Neff and Herschel McCarley. Honorary pallbearers were John Stidger, John McCarley, John Fry, Julius Kuehn, W. R. McDowell, R. N. Henry, Forrest Walker, A. L. Overton, E. M. Blackburn, Hugh Craig, Frank Walters, P. L. Walters and Bill Moore.

Burial was held at Llano Cemetery with the I. O. O. F. Lodge in charge of the services at the grave.

## W. T. Students Working on Excavation Projects

Two freshmen from W. T. are enjoying a particularly profitable vacation.

Malcolm Bull, of Canyon is working this summer with Dr. E. B. Howard of the Philadelphia Academy of Science. Dr. Howard is now located in Eastern New Mexico excavating the remains of ancient man. Dr. Howard reported to Prof. C. Stuart Johnston of the archaeology - paleontology department of W. T. that Malcolm is doing excellent work and is an interested worker.

Donald Butler of McLean is assisting Mr. W. D. Mateer, instructor of Science at West Texas, on a fossil collecting expedition into the Bad Lands of South Dakota. Mr. Mateer is working on his Master's degree from the University of Oklahoma and is spending his time in the field.

Mr. and Mrs. Levi Cole spent Sunday in Lockney visiting Mr. Cole's father.

## *Ring Is Found After 38 Years*

### Plowed Up Where Girl Lost It in Lake While Swimming Near Wayside 38 Years Ago

Page Mr. Ripley!

A ring lost 38 years ago in a lake near Wayside was plowed up last week on the W. I. Lane place. The ring is about 56 years old and of value as a keepsake to the Madison family.

The story as told to The News by Miss Dorothy Faye Rusk follows:

Thirty-eight years ago Miss Olive Madison and Miss Bessie McGehee were in a swimming party at a lake near Wayside. Miss Madison wore the heavy band 18-karat wedding ring of her father, W. F. Madison. The ring was given Mr. Madison by his wife on their wedding day. The ring slipped from the finger of Miss Madison in the water, and the party was unable to recover it.

Miss Madison married E. A. Rusk and lived in Canyon until her death. Miss McGehee was married to W. I. Lane and has resided on the land where the ring was lost.

The lake became dry this year, and it was decided to plow it up. The ring was uncovered by the plow, and taken to Mrs. Lane who remembered the story.

The ring was forwarded to Mrs. W. M. Christie at Arnett, Okla., a sister of Mrs. Rusk. She in turn forwarded it to Fred Madison of Amarillo, a brother of Mrs. Christie and Mrs. Rusk. He brought the ring to Canyon to show to members of the Rusk family.

The Madison family was the first to settle in the Wayside community and was known to all of the early settlers of this section. Had the ring not fallen into the hands of Mrs. Lane, its story would not have been revealed as probably no other person knew the history of the ring.

## Annual T-Anchor Round-Up Will Be Staged August 27

The annual reunion of old time cow punchers of the Plains will be held at Wragge's Park north of Canyon on August 27. This will be the 15th annual gathering of the T-Anchor organization. Admission to the Park for the day will be limited to membership.

"Every person who punched cattle or worked on a ranch in the Panhandle before 1897, his wife and children and their wives or husbands or the widow of a deceased member is eligible to enroll," declared Cecil Walker of Hereford, president of the organization.

Lunch will be a combination basket picnic and steak fry.

Tickets may be obtained from Walker; secretary and treasurer, L. Gough of Amarillo, or Billy Garrett, Dalhart; Ed Baird, Canyon; Walk Bradley, Hereford; J. T. Christian, Claude; John Arnot, Amarillo; Tom Dowlen, Canyon, and John C. Isaacs, Canadian.

## Dot Babb, Pioneer For 71 Years, Died in Amarillo Sunday

T. A. "Dot" Babb, 84, died Sunday morning in Amarillo. He is well known to all of the early settlers of the Panhandle.

Mr. Babb was brought to this section 71 years ago as a captive of the Comanche Indians. He was released after two years, but remained as a cowpuncher, and later a ranch owner.

Mr. Babb took great interest in the development of the Panhandle-Plains Historical Society and while in good health attended its meetings.

His last public meeting was two years ago at the old settlers reunion at the Tri-State Fair.

## Street Topping Plans Are Now Under Progress

### Materials Being Assembled to Finish Streets and Drives on Campus and 4th Avenue

Work was started Monday getting ready to top the streets and driveways on W. T. campus. When this is completed, topping will be started on the part of Fourth Avenue which has been widened.

With the completion of the basement of the Museum building Friday, the men on this job were transferred to the topping projects.

It will require several days to crush a sufficient amount of rock for the topping of the campus streets. The asphalt for the job has been ordered by WPA. Machinery to spread the asphalt has been borrowed by the city from Amarillo.

Not all of Fourth Avenue will be ready for the topping this month.

## Little Business In District Court During the Past Week

Very little business has been transacted in district court during the past week.

A petit jury was summoned for Monday, but was dismissed immediately by Judge E. C. Nelson until today. It is likely that several civil cases will be ready for trial during this week.

The grand jury will convene again next Tuesday to complete its investigation for the term.

Many Randall county citizens attended the birthday party at Happy yesterday. In spite of the hot weather a large crowd attended the reunion.

## Drouth Committee Will Hear Report From Panhandle

### Bennett Presents Facts Tuesday Regarding the Conditions Prevailing In Randall County

Data was compiled Tuesday by county officials from Northwest Texas which will be presented next Monday to the President's Drouth Relief Committee which will visit this section. This committee will start from Amarillo and travel north through the region which has been hit the hardest by drouth during the past few years. Information gathered will be taken to Washington to President Roosevelt. The committee will be headed by Secretary of Agriculture Henry Wallace. Dr. Rexford Tugwell, head of resettlement, will be a member of the committee.

W. E. Bennett represented Randall county in the meeting Tuesday presenting information which had been gathered during the past week as to the results of the prevailing drouth.

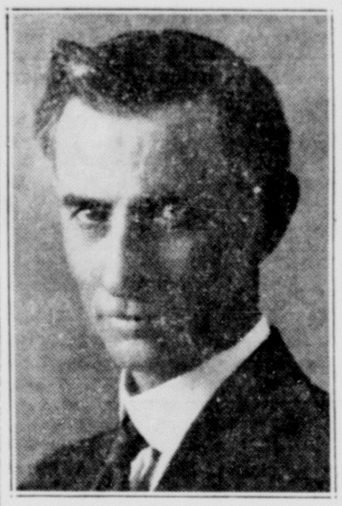
At Tuesday's gathering a special committee of Panhandle citizens was selected to assemble information regarding conditions in the various counties, and to present it as the true picture of the Panhandle to the visitors from Washington.

**CENTENNIAL HEAD DIES**

William A. Webb, general manager of the Texas Centennial, died suddenly Sunday at his home in Dallas as the result of a heart attack. Overwork was given as the cause of the attack.

Dr. J. W. Wallen and son of Dora, N. M., returned to their home this week after visiting here at the home of his daughter, Mrs. E. I. Boyce.

*Elected Secretary*



S. B. ORTON

S. B. Orton was elected secretary of the Canyon School Board at the meeting Tuesday night. He takes the place of Andy Walsh who recently resigned effective September 1st.

Mr. Orton retired as County Judge on Jan. 1, 1935, after having served for two terms. Prior to that he was engaged in the grocery business in Canyon for 19 years. He came to Canyon in 1910.

## Former Citizen Burned To Death Yesterday Odessa

### John Meneke, Son of Mrs. Bryan McDonald, Is the Victim of Gasoline Explosion

John Meneke, formerly of Canyon, was burned to death yesterday at Odessa where he has lived for some time. He was the son of Mrs. Bryan McDonald, and the family is well known to the citizens of Canyon.

Mr. McDonald telephoned the sad news to Mrs. T. H. Knighton yesterday.

From meagre information received, John was the victim of a gasoline explosion. A garage was burned, together with two cars, as a result of the accident.

John had graduated from high school this spring.

## Lack of Wind Causes Problem For Ranch Water

Lack of wind the past month has created serious problems on most of the farms and ranches of the Panhandle. While the problem has not been as serious as it was several years ago when the wind hardly blew for 60 days, yet it has caused difficulties for most farmers and ranchmen with large herds of stock.

While many farmers have engines to use in case of emergency, the prolonged calm has caused many to install engines for the first time, and has made it necessary for others to rig up tractors, trucks and cars to pump water.

The extremely hot weather of the past week, and the lack of wind has created a serious condition for many.

**STORK SPECIAL**

A daughter, Nancy Elizabeth Garrett, was born July 22 to Mr and Mrs. Frank Garrett.

A 7-pound daughter was born to Mr. and Mrs. E. W. Bourn July 27. She has been named Dorris Faye.

Mr. and Mrs. Alvin McDonald, Mr. and Mrs. O. A. May and Mr. and Mrs. J. L. Fulton left Sunday for Colorado where they are vacationing this week.

## EARLY CROP IS DAMAGED WITH LACK OF RAIN

### Estimate of Feed Crop Made Last Week Reduced Materially With Last Heat Wave

### 106 DEGREES HIGH

### Drouth Sweeps Over Entire Southwest and Cuts Crop Prospects of Entire Section

The heat wave which has swept the nation has been felt in the Panhandle during the past week. The temperature has not reached its highest point of the year, but the constant high temperature of 102 to 106 degrees daily has made the heat very depressing. Tuesday was the highest point reached when the mercury registered 106 degrees. The former high for the year was 108 degrees.

The high temperature and the prevailing summer drouth has done great damage to the feed crop during the past week. Only a small part of the early crop had been damaged up until a week ago, but the crop has been damaged to a very great extent since then.

The Panhandle is definitely in the drouth territory again, due to the lack of rain during June, July and August. While more rain has fallen this year as compared with 1934 and 1935, the summer drouth of this year exceeds that of several years. The rainfall for 1936 up to the present time is 8.98 inches, compared with 7.03 for the like period in 1935. But a large percent of this year's moisture fell in May, just in time to save the wheat crop. Only 1.18 inches fell in June, while July sets a dry record with only 6.75 of moisture. For 13 days now in August no rain has fallen. It is customary for this section to receive heavy rains the latter part of July and the first of August.

The excellent prospects for a row crop as predicted last week has very largely vanished.

The situation for the Panhandle becomes very serious owing to the prevailing drouth which extends over the entire Mississippi Valley and extends to the Gulf of Mexico. It is reported that the cotton crop of Texas has been greatly damaged during the past week owing to the prevailing drouth.

## Commodities Will Be Handled Only Thru District Warehouses

Surplus stores have been closed in all towns and distribution was started this month from the various district headquarters of WPA.

A truck will come to a each town one day in each month in the future, and from this truck distribution will be made of commodities which the government has assembled. Those who are not present on the day designated will not receive the commodities available for the month.

Mrs. Irene Sloan, who has been in charge of the commodity warehouse here, has been transferred to the time keeping department of WPA.

The commodity truck was here Tuesday and will not return until next month. All those who are entitled to the commodities will be notified of the day the truck arrives.

## $50 Available For Distribution Saturday By Merchants

A larger crowd is expected next Saturday for the weekly cash distribution. The fund for this week amounts to $50.

The distribution will take place promptly at 3:00 o'clock Saturday afternoon under the direction of the Chamber of Commerce. 40 business firms are co-operating in this movement.

Mr. and Mrs. J. B. Morrisset spent last week end in Lubbock.

Considerable discussion is going the rounds regarding the censorship which has been imposed upon the Daily Texan, student publication of the State University. The present editor has been repremanded for editorial expression which appeared in the Texan before the Board of Regents asked the faculty to clamp down the lid, and suppress some of the editorial utterances. The Texan editor is bitter, and has enlisted the support of ex-students who are sympathetic toward a so-called free press. Facts are, there have been a number of revolutionary chaps in the University who needed suppression. Last year witnessed an uprising of the young politicians in the university who broke away from the Young Democrats, and formed an organization of their own, the purpose of which was to oust the old time wheel horses of Democracy and dictate whom would direct the party's affairs. This failed, to be sure. But just which reputable newspaper in Texas would turn over the editorial policy of its publication to the untrained mind of a university student to discuss men and measures as he sees fit? The people of the state are lenient toward young men in governmental affairs, but nothing takes the place of maturity and practical business experience when it comes to coping with the realities of this life. So far the young editor has failed to win much sympathy from the people of Texas in a campaign for an uncensored daily newspaper.

Is father Coughlin to be muzzled by his church? It is generally reported that his presiding bishop was called to Rome to make a personal report on the activities of the Detroit radio priest. So long as Coughlin discussed social reforms, the need of which is so well known to all thinking people, he had a mission to perform. But when he expands his activities to political and monetary reforms, regarding which he is an infant in thought, then he becomes a menace to society. Calling the President of the United States a liar and traitor is certainly no attribute to a spiritual adviser of men. Preaching the gospel of hatred against the rulers of this nation, and predicting bullets and blood certainly has no part with saving the souls of men. A few years ago a Methodist Bishop went over the land preaching the gospel of hatred toward Al Smith and the Democratic party. Now we have a Catholic priest preaching the same hatred. Neither the bishop or the priest represented a large percent of their congregations, but they succeeded in doing permanent damage to the denominations which they represent. While The News is of the opinion that church leaders should not be muzzled because they are church men, yet we firmly believe that they should be consistent with the noble teachings of the Christ whom they profess to follow.

It is stated that 85% of the big daily newspapers of the nation are opposed to the re-election of President Roosevelt. The Hearst chain, and other big chains are dictating the policies of the Landon campaign. It is stated that an organized effort is being made to keep the Democratic campaign hushed up as much as possible in the daily press, while the Republican campaign will be carefully publicized. On the other hand, word has leaked out from Wall Street that Landon is about as objectionable to the moneyed interests as is Roosevelt; that Wall Street will not be adverse to seeing Landon slaughtered in November in order to definitely remove him from leadership, as it is felt the Democratic party has no one who can possibly win four years hence. Wall Street may have the notion that there could be worse things happen to it than four years more of Roosevelt.

Just another week until the second primary will be held in Texas. True enough there are few races in this second primary, but every office to be filled is very important to the welfare of the state. Take for instance the office of State Representative. This office should be filled by the best man available in this district. No office is more important than the one in which the laws of the state are made. There are 181 members of the legislature. It may not seem important as to whom this district shall send to the legislature, but our representative is a vital part of this body of 181 when it comes to the bills in which we are interested. Consider carefully the qualifications of the candidates in the second primary. There are so few candidates in this run-off that every voter may take the time to make a thorough study of all who are making this race.

The Industrial News Review recently took a poll of the newspapers in the United States in ordedr to get the reaction of the editors on the chain stores. Uniformly there was condemnation of the unfair tax methods which was being adopted by some states to drive out the chains. Uniformly there was praise of the business methods used by the chains, and the new methods which had been introduced because of the chains. "Chain stores can become an asset to a community or they can become a vicious threat," seems to sum up the prevailing opinion of newspaper men from over the nation. It is the methods of a few outstanding chains which meets universal condemnation. Whether we like it or not, the chain seems to be thoroughly established in this nation.

Women voters of Dallas are sponsoring an organization condemning mud-slinging in political campaigns, and to throw their influence against every candidate who indulges in mud-slinging. Every voter will utter a hearty approval of the objective of the movement, but will we back up such a campaign against mud-slinging? While women are supposed to delight in the latest gossip, are not the men just as elated at the latest scandal which is pulled in a political campaign? Those who have started this organization should spend the next two years in preaching the gospel of clean campaigns, and each candidate running upon his own merits rather than the demerits of his opponent, especially when the evidence against his opponent is manufactured.

Jim Ferguson has announced that the Ferguson Forum has ceased publication. Jim is a smart politician, and reads the hand writing. He knows that Fergusonism is a dead issue in Texas. So long as Pa and Ma Ferguson had the vigor to carry on, Fergusonism was a power in the state. But like all dictators, they were unable to cast their mantel of power upon the shoulders of others. Jim Ferbuson is one of the smartest men Texas has ever produced. Had he been able to forget selfish ambitions, and to have worked for the good of the state, his name would have reigned supreme in the annals of the state's history. Only time will reveal his real standing among the illustrous men who have served this commonwealth.

J. E. McDonald and his friends are certainly pouring it on the old sore back of George B. Terrell in the campaign for Commissioner of Agriculture. The vote of Terrell while in congress against AAA, and the boast that he made as being an anti-New Dealer is being used effectively against him. While in congress, the people of Terrell's home town wired President Roosevelt that they wished to make it plain that the obstructions of Terrell to the President's program did not represent the sentiment of his home people. The campaign is getting warm.

West Texans should give a unanimous endorsement to Colonel E. O. Thompson in the second primary. Thompson lacked only 9,000 votes of securing a majority over his four opponents in the frist primary. Because he has been very active while in office, he is being charged as controlling the Railroad Commission. If so, the Commission is in capable hands, and is directed by a man who wishes to get things done for the benefit of the people of the state. The people of the Plains will make no mistake in giving their vote to our neighbor, Colonel Thompson.

The opponent to Col. Thompson in the second primary is said to be an ex-Methodist preacher who got into trouble with his church. He turned lawyer, and has not been a success. He has thrown in with East Texas oil operators who do not like the ruling of the Railroad Commission. From the evidence against him, he is not a safe man and should be defeated. From all evidence present, Colonel Thompson has a splenddid record in office, and one of which his friends in West Texas may be justly proud.

A national study of driving shows that accidents are caused by the careless drivers more often than by the speeders. The careless slow driver is as apt to have an accident as is the careless fast driver. In compiling statistics on accidents, it is being revealed that the careless driver repeats in his accidents. The fellow who continually boasts about his accidents may be catalogued as a careless driver and is a menace to the highways.

The benefits of paid advertising placed for the Texas Centennial have so impressed Lieut. Governor Walter Woodul that he proposes a national campaign to follow the centennial advertising. A five year plan is proposed. The campaign would keep alive the interest which is now being shown by the nation in Texas. No doubt the plan is worthy of profound consideration, and the money spent in a national advertising campaign would be wisely invested.

With Italy and Germany lining up in support on one side in Spain, while France is giving aid to the other side, conditions are ripe for another European war. The battle is divided into two camps, fascists vs. anti-fascists. The lid may blow off at any minute. Let us hope that the United States may be able to stay out of the pending conflagration.

The News printed a very optimistic report on crop conditions last week. Old Sol turned on the heat as soon as he read the report, the clouds drifted away, and much damage has resulted to the feed crop. A good rain would save a large percent of the late row crop, but the early crop has been definitely damaged to a large extent.

Europeans are bitterly complaining that the negroes on the American Olympic team are winning so many first places. Maybe farsighted Mussolini had future Olympics in mind in his little excursion into Africa.

The Jeffersonian Democrats are misnamed. The correct name is Dupont Hirelings. Will they be able to buy the November election? We shall see.

Out in Nevada you can get a divorce in six weeks, but you cannot get a fishing license until you have resided there six months.

## Planning Attack on Drouth Menace

Members of the administration's high command in the war against drouth are pictured above as they conferred busily in Washington on plans to attack the menace. Appointed recently by President Roosevelt, the Great Plains Drouth Area Committee consists of, left to right, seated: Rexford G. Tugwell, resettlement administrator; Morris L. Cooke, rural electrification administrator and chairman of the committee; and H. H. Bennett, director, Soil Conservation Service. Standing, left to right, are John O. Page, acting director, Bureau of Reclamation; Frederick H. Fowler, director, Drainage Basin Study, National Resources Committee; Col. Richard C. Moore; and Col. F. C. Harrington, assistant administrator, WPA.

## Board of Regents Accepts Cottages From Contractor

R. A. Stuart, Ft. Worth member of the Board of Regents of Texas State Teachers Colleges, representing the Board accepted the recently completed student cottages from the contractor, C. S. Lambie, here Friday.

At the same time, the Board, through Mr. Stuart, bought most of the futniture for the cottages. Fakes and Company of Ft. Worth will supply the furniture, according to their contract.

The remainder of the furniture will be bought through the Board of control at Austin Wednesday when Dr. J. A. Hill meets with the Board.

Mr. Stuart, attorney for the Board of Regents, interviewed the PWA attorney in Ft. Worth last week who was responsible for the delay in beginning the construction of the outdoor swimming pool and gained permission to begin the work sometime this week.

Construction was supposed to have started a week ago yesterday.

Mr. Stuart was accompanied here by his wife and daughter. They were the guests of Dr. and Mrs. J. A. Hill Friday night.

# Park Shows How Occidentals Lose Power In Orient

### Gives Reasons Why Japan Is Becoming Great Nation

Dr. No-Yong Park, Chinese philosopher and lecturer, closed a speaking engagement here Friday night with his second address, "The Retreat of the West from the Orient."

The retreat is along all phases of life, according to Dr. Park, because Occidentals have failed socially, economically, politically, and religiously to gain a substantial foothold in the East against Japanese competition.

Without overriding the 5-5-3 naval agreement, Japan has seized the unrestricted opportunity of building 10,000-ton vessels of war and has turned them out by the thousands, Dr. Park explained.

Commercially, Japan finds it profitable to buy Texas cotton here, ship it to her factories, make it into cloth, reship it to the American Atlantic Coast via the Panama Canal, pay duty at United States ports, and undersell American cloth makers in their home markets, stated No-Yong Park.

The simple desires of its people, cheap labor, a progressive and optimistic national psychology, and superior leadership and energy are Japan's underlying powers, according to the lecturer.

Miss Phyllis Bryant and sister, Mrs. Guy Alford left Monday for Dallas where they plan to visit the Centennial Exposition.

### Sharkey-Louis Go Won't Warm Much Currency, Martin Believes; Cites Spotty Record of Aging Boston Tar

BY PHILIP MARTIN

Jack Sharkey . . . he's training now for the night he'll try to hit Joe Louis as often and as hard as did Max Schmeling.

WHAT'S behind this so-called boxing exhibition featuring Joe Louis and Jack Sharkey, scheduled for August 18 in Yankee Stadium? It gives off a rather unpleasant odor now, and may leave a dark brown taste in the mouths of the promoters when the gate receipts are totaled—this in spite of the fact that Mike Jacobs, who is arranging things, looks for the titanic struggle to gross more than $300,000.

Not that there is any objection to Louis' participation. None at all; fight fans, bless 'em, are curious to learn the damage wrought by Schmeling's massacre of Smokey Joe. It would appeal to their sadistic instincts for someone to complete the finish of Louis' career in the top flights of ringdom, if the Teuton didn't finish the job.

• • •

BUT why, in the name of all common sense, trot out the Loquacious Lith? Admittedly, the gob hasn't improved with the years that have piled up, and now, many years after his Schmeling go, it is hard to picture him offering any sort of resistance to the erstwhile Ebony Embalmer.

Assuming that Schmeling worked irreparable damage to Louis' fighting machinery, Joe still is far above the Boston loudspeaker's ring level.

Of course there is the possibility that Sharkey will resort to the old trick of going out of his way to catch some of Louis' offerings below the belt line and, whether or not the blows hurt, fall to the canvas, writhe in feigned agony, and claim a foul.

Or, if the going gets too tough in the early stages, Sharkey may conveniently foul himself out.

The Bostonian's ring career is dotted with similar incidents, and it is unlikely that any great proportion of the boxing populace will fall for this Sharkey-Louis dish.

• • •

SHARKEY is in the midst of a comeback—one in which he has taken the measure of three of the most mediocre order of fighters, and of one, Phil Brubaker, a likely corner. His sole object probably has been to get back in the big dough for one scrap, grab himself a fat slice of the haul, and go back into retirement for keeps. The promoters have been more than kind in helping him attain this objective.

The match apparently is the first in a series to help Louis regain a portion of his former prestige. But it occurs to us that if the brownskinned Detroit lad were to demonstrate thoroughly his superiority over, for instance, John Henry Lewis, he would be in a far better position to command another crack at the title than he would by beating a doddering Sharkey.

As has been said, you can fool the public some of the time, etc. —but not, in our opinion, on this scrap.

Why Gulf is the Gas for August

WHY NOT BEAT AUGUST HEAT by driving someplace for a swim? And if you want to keep your gas bills down, don't forget you need a fuel with a formula that fits hot weather. Otherwise your gas doesn't burn completely—part of it escapes through the exhaust unburned, wasted. Stick to That Good Gulf in August—it's "Kept in Step with the Calendar"—specially refined for summer driving. All of it goes to work, none of it goes to waste. Try Gulf and see!

WASHINGTON LETTER

## Drouth Relief May Prove Big Factor in Swinging Farm Vote

BY SPECIAL CORRESPONDENT

WASHINGTON—Party powers charged with furthering the Democratic campaign cause are wearing furrowed brows these days. The reason is that reports continue to reach Washington that, throughout the farmbelt, there is growing resentment against New Deal work-relief policies.

This resentment has been aggravated by the drouth. As dry weather effects became more intensely felt, an increasing number of farmers were forced to seek government help. And many of these farmers have voiced complaints about the way in which relief, whether in the form of Resettlement Administration grants and loans, or WPA work, is administered.

Large-scale and small-scale farmers alike declare that the relief administrators either are unable or unwilling to distinguish between those who need work and those who do not.

* * *

IN most cases, they declare, a farmer, almost wiped out by the drouth, cannot obtain a WPA job unless he proves before the state relief agency or Resettlement Administration that he is destitute. Even if it is the state agency that refuses to certify him for a WPA job, the disappointed farmer usually holds the federal government responsible.

Many farmers, complainants say, are being forced to borrow from the production credit agency against their wishes. If he is eligible for a loan from that agency the farmer must first exhaust his credit there before he can go to work for WPA.

Given a WPA job without being forced to borrow, the farmer might be able to buy what he needs in the way of additional feed and still keep his "stake" for his family, assert critics.

* * *

THAT the administration's reciprocal trade program had as its goal restoration of foreign markets for American farm products seems to make little difference to farmers of midwest and northwest.

In those sections the belief prevails that the trade agreements have helped foreign producers more than American farmers. The charge is heard again that the administration has failed to "preserve the American market for the American farmer."

Strong argument might be brought against these complaints, but New Deal spokesmen, usually so adept at such things, have remained strangely silent.

The New Dealers and Republicans must realize by this time that the farm vote is ready to jump to either party. It will be interesting to watch in which direction, under proddings by nature, as well as by politics, it will go.

Leila and Joann Peterson of Higgins are visiting this week in the Milton M. Morris home.

Mrs. W. J. Flesher and daughter of Amarillo are visiting with her mother, Mrs. J. W. Ballard.

Mrs. Ruby Murphy has resigned her position with the M. E. Moses Co., and accepted another position in Amarillo.

Don Culton of Amarillo was a business caller in town Monday.

## Sarah Miltia Hill Takes Position in Sul Ross Next Year

Sarah Miltia Hill, assistant professor of art at W. T., will leave Aug. 21 for Alpine where she will become head of the department of art at Sul Ross State Teachers College.

Miss Hill came to W. T. in 1930 from Tuscon, Ariz., where she was supervisor and teacher of art in the public schools of that city.

Miss Hill's home is in El Dorado, Texas. She received training at the College of Industrial Arts, Denton, the University of Arizona, the University of California, and Columbia University, New York City, from which institution she took her Master's degree. During the winter and spring of 1936 Miss Hill toured the capitals of Europe where she visited schools, museums, and collections of art. While in Paris, France, she studied with the famous Andre Ihote, artist.

A member of the American Federation of Art and the Southern States Art League, Miss Hill has been engaged in creative work while in Canyon. Her portraiture has many times been exhibited in the art gallery of the Panhandle-Plains Historical Society Museum.

Miltia Hill has served W. T. in many capacities. In September of 1933 she was appointed to become first supervisor of the experiment in a girls' co-operative home on the campus. The success of Randall Hall reflects the good beginning under her direction. Sponsorship of the Elapheian Literary Society was another of Miss Hill's duties at W. T.

A tea in Miss Hill's honor will be given Monday evening, Aug. 17 in the home of Mary E. Hudspeth, 1905 4th Avenue. Misses Mary E. Hudspeth, head of the department of Modern Languages, Orpa Dennis of the Home Economics department, and Hellen Hickman, Nurse, all of the College faculty, and Allie Dozier, Randall County Home Demonstrator, are to be hostesses. Two hundred forty guests are expected to attend.

## CAVALCADE BRINGS TEXAS HISTORY TO LIFE

DALLAS, Texas, August—Cavalcade of Texas, one of the "must see" things at the Texas Centennial Exposition, recreates the hilarious spirit of the Big Bend country in the above scene in the Jersey Lilly saloon when Judge Roy Bean was all the law there was West of the Pecos. Just below are the famous Wilson Clydesdales, valued at $100,000, drawing one of the covered wagons across the largest stage on earth lower left, a tragic moment during the Comanche attack on Fort Parker in 1836; Loraine Meeks, at right member of the cast, dressed as a lovely Spanish senorita wears a comb brought from Spain by her ancestors a century ago. And below, still the crowds come jamming the entrance at every performance waiting to see one of the greatest shows on earth at the Texas Centennial Exposition—Cavalcade of Texas.

## Little Takes a Strong Lead In Official Report

Complete check by counties has strengthened G. H. (Jack) Little's lead in the race for State Representative, it was revealed in an official report from Amarillo. Final returns by precinct from Armstrong county, in which Little lacked six votes of a majority, raised his lead over his nearest opponent to 1149, more than a hundred votes above previous figures.

Over the entire six counties which comprise the 123rd District, Armstrong, Carson, Deaf Smith, Oldham, Potter, and Randall, the Amarillo attorney lacked 1044 votes of a majority. In Deaf Smith and Oldham counties he held a substantial majority over both his opponents.

### FUNERAL FOR INFANT IS HELD MONDAY AFTERNOON

**S. J. R. No. 3-a**
**A JOINT RESOLUTION**

proposing an Amendment to Article XVI of the Constitution of the State of Texas by striking out Section 20 thereof; providing for local option on the question of the sale of intoxicating liquors for beverage purposes; providing that spirituous liquors, or liquors composed in whole or in part of the products of distillation shall not be sold for private profit, except to the State; providing that the Legislature shall pass laws relative to the sale, possession, transportation and manufacture of such spirituous liquors; providing for the establishment of State dispensaries; providing for the manufacture, sale, transportation, and possession of all liquors which are exclusively products of the fermentation process; providing that intoxicating liquors shall not be manufactured, sold, bartered, or exchanged for beverage purposes in any county or political subdivision wherein the sale of intoxicating liquors had been prohibited by local option elections held under the laws in force at the time of the taking effect of Section 20, Article XVI of the Constitution of the State of Texas, until a majority of the qualified voters of such county or political subdivision shall determine such to be lawful at an election held for that purpose; providing for an election on the question of the adoption or rejection of such amendment and making an appropriation therefor; providing for the proclamation and publication thereof; and prescribing the form of ballot.

**Be It Resolved by the Legislature of the State of Texas:**

Section 1. That Article XVI of the Constitution of the State of Texas be amended by striking out Section 20 thereof and substituting in lieu thereof the following:

"Article XVI. Section 20:

"(a) It is hereby declared to be the policy of this State that the open saloon shall not be reestablished. The sale of spirituous liquors, manufactured in whole or in part by means of the process of distillation and/or liquors compounded and/or composed in part of such spirituous distilled liquors, for private profit, is prohibited within this State except when such sale is made to the State. The State of Texas shall have the exclusive right to purchase at wholesale and to sell at retail such distilled spirituous liquors. Such sale shall be made only in unbroken packages and no such liquors shall be consumed on the premises where sold. The Legislature shall pass laws to prescribe regulations relative to the manufacture, sale, transportation, and possession of such spirituous liquors and relative to the establishment of State dispensaries; provided, however, the Legislature shall have the power to regulate the sale for private profit and possession of distilled liquors for medicinal, scientific and mechanical purposes.

"The manufacture, sale, transportation, and possession of all liquors, the alcoholic content of which is entirely and exclusively the result of the fermentation process is hereby authorized under such restrictions as may be authorized by law.

"(b) The Legislature shall enact a law or laws whereby the qualified voters of any county, justice's precinct or incorporated town or city, may, by a majority vote of those voting, determine from time to time whether the sale of intoxicating liquors for beverage purposes shall be prohibited or legalized within the prescribed limits; and such laws shall contain provisions for voting on the sale of intoxicating liquors of various types and various alcoholic content.

"(c) In all counties, justices's precincts or incorporated towns or cities wherein the sale of intoxicating liquors had been prohibited by local option elections held under the laws of the State of Texas and in force at the time of the taking effect of Section 20, Article XVI of the Constitution of Texas, it shall continue to be unlawful to manufacture, sell, barter or exchange in any such county, justice's precinct or incorporated town or city, any spirituous, vinous or malt liquors or medicated bitters capable of producing intoxication or any other intoxicants whatsoever, for beverage purposes, unless and until a majority of the qualified voters in such county or political subdivision thereof voting in an election held for such purpose shall determine such to be lawful; provided that this subsection shall not prohibit the sale of alcoholic beverages containing not more 3.2 per cent alcohol by weight in cities, counties or political subdivisions thereof in which the qualified voters have voted to legalize such sale under the provisions of Chapter 116, Acts of the Regular Session of the 43rd Legislature."

Sec. 2. Such proposed Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State of Texas, on the third day of November, 1936, at which election all voters favoring said proposed Amendment, shall write, or have printed on their ballots the words:

"For the Amendment to the State Constitution providing for the establishment of a State Dispensary System having the exclusive sale of Distilled Liquors, and providing for Local Option."

And those voters opposed to said proposed Amendment shall write or have printed on their ballots the words:

"Against the Amendment to the State Constitution providing for the establishment of a State Dispensary System having the exclusive sale of Distilled Liquors, and providing for Local Option."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the State Constitution.

Sec. 3. The Governor shall issue the necessary proclamation for such election, and shall have the same published and such election held as provided by the Constitution and laws of this State.

Sec. 4. The sum of Eight Thousand ($8,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of the State Treasury to pay for the expenses of said publication and election.

# Father Coughlin's Forces Converge On Cleveland to Plan Vote Drive

CLEVELAND.—Father Charles Edward Coughlin and his followers in the National Union for Social Justice meet here in the same huge Public Hall where, just two months ago, Republicans caroled "Oh, Susanna," and where, in July, before Townsendites who alternately cheered and booed, the radio priest assailed the president of the United States.

Arriving thousands strong, these Coughlin disciples, under the priest's oratorical urgings, are expected to go down the line in support of Representative William Lemke's independent candidacy for president.

Meanwhile, they have been laying plans to elect congressional candidates favorable to their cause. Nationalization of the Federal Reserve System and currency inflation are the two things the Coughlinites are after.

Father Coughlin believes that many of the country's economic ills can be cured by issuance of new paper money. The only legislation which he actively supports is that involving some form of currency expansion. The lone hope for the NUSJ to bring about any appreciable inflation within the next few years apparently lies in a successful campaign to augment the already potent inflation bloc in Congress.

• • •

IT is plain enough that this will be the plan of battle for the Royal Oak priest and his followers. Father Coughlin, though backing Lemke this year, time and again has asserted his belief that the presidency is relatively unimportant. He has asked his Union members to stay out of local and state politics.

The pastor of the Shrine of the Little Flower has denied that he is creating or plans to create a people's party out of the NUSJ. But the machine he is building is one which, because it is based on congressional districts, easily could be converted into such a party. Many observers believe a new party may be born at this convention.

**Calling NUSJ disciples to battle at the Cleveland convention will be fiery Father Coughlin, above, founder and leader of the Union.**

Certainly the meeting is the climax of an organized comeback on the part of the Coughlin forces, begun last December, when the priest called for 50,000 volunteers to set up NUSJ units on a congressional district scale.

Father Coughlin now claims 20,000 of these units. Setting the average membership of each at 60 (the minimum for a unit is 50 in cities and 25 in rural sections), the total would come to more than 1,000,000.

• • •

THIS figure falls far short of the 9,000,000 Father Coughlin claimed early last year, when he apparently enjoyed his greatest following. But 1,000,000 organized voters can butter many political parsnips. This was demonstrated when a portion of them aided in the victories of several Coughlin-indorsed candidates in the Ohio primaries.

First delegates arriving in Cleveland were mostly small business men and farmers. Also represented were groups in which Father Coughlin has been particularly strong. Among these were Minnesota Farmer-Laborites, western Pennsylvania miners, New England textile workers, and New York City seamen and longshoremen.

**S. J. R. No. 18**
**A JOINT RESOLUTION**

proposing an Amendment to Section 48, Article III of the Constitution of the State of Texas, authorizing the establishment of Teachers' Retirement Systems, and making an appropriation for the election.

**Be It Resolved by the Legislature of the State of Texas:**

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto immediately after Section 48, a section to be known as Section 48a, and to read as follows:

"Section 48a: In addition to the powers given to the Legislature, under Section 48 of Article III, it shall have the right to levy taxes to provide a Retirement Fund for persons employed in public schools, colleges and universities, supported wholly or partly by the State; provided that the amount contributed by the State to such Retirement Fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time five per centum of the compensation paid to each such person by the State, and/or school districts, and shall in no one year exceed the sum of One Hundred Eighty ($180.00) Dollars for any such person; provided no person shall be eligible for a pension under this Amendment who has not taught twenty years in the State of Texas, but shall be entitled to a refund of the moneys paid into the fund.

All funds provided from the compensation of said persons, or by the State of Texas, for such Retirement Fund, as are received by the Treasury of the State of Texas, shall be invested in bonds of the United States, the State of Texas, or counties or cities of this State, or in bonds issued by any agency of the United States Government, the payment of the principal of and interest on which is guaranteed by the United States; provided that a sufficient amount of said funds shall be kept on hand to meet the immediate payment of the amounts that may become due each year under such retirement plan as may be provided by law; and provided that the recipients of such retirement fund shall not be eligible for any other pension retirement funds or direct aid from the State of Texas, unless such retirement fund, contributed by the State, is released to the State of Texas as a condition to receiving such other pension aid."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at the next General Election to be held on Tuesday, after the first Monday in November, which is November 3rd, 1936, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words:

"For the Amendment to the Constitution authorizing Retirement and the creation of a Retirement Fund for persons employed in public schools and colleges and universities supported wholly or partly by the State."

Those opposing said proposed Amendment shall write or have printed on their ballots the words:

"Against the Amendment to the Constitution Authorizing Retirement and the creation of a Retirement Fund for persons employed in public schools and in colleges and universities supported wholly or partly by the State."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary Proclamation for said election and to have same published as required by the Constitution for amendments thereto.

Sec. 4. The sum of Five Thousand ($5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas, not otherwise appropriated, to pay the expense of such publication and election.

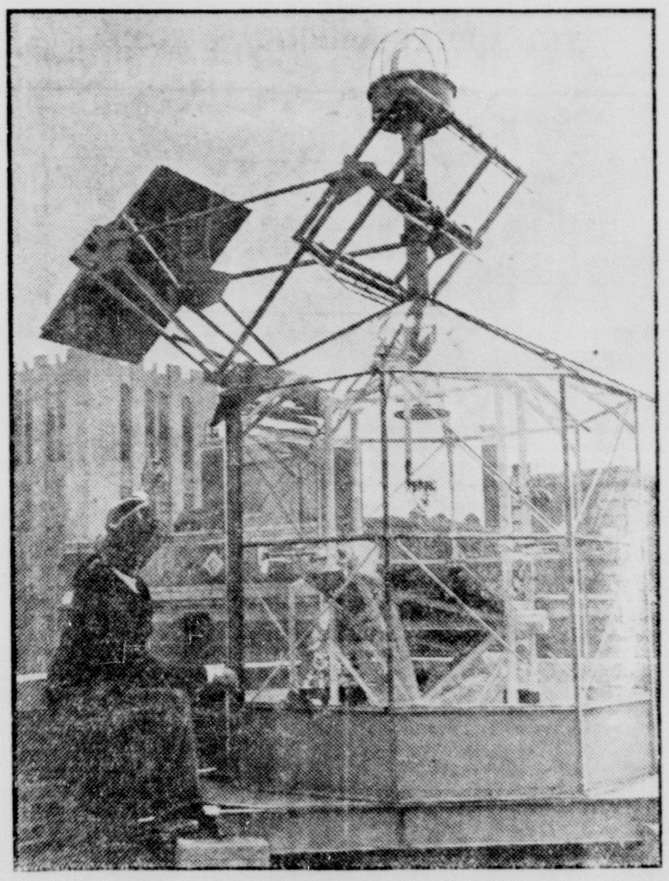
## Inventor 'Delivers' Sunlight



With this apparatus Jacques Arthuys, above, French inventor, delivers sunlight right to the windows of New York skyscraper apartments from which natural light is blocked by building walls. The mirror to which Mr. Arthuys points catches the sun's rays and deflects them down to other mirrors, which, in turn, divert them where needed. One of the mirrors follows the course of the sun throughout the day. The inventor terms his device Arthel, a name composed of the first three letters of his name, and of "helios," the Greek word for sun.

**A JOINT RESOLUTION**

proposing an Amendment to the Constitution authorizing the Legislature to provide for Workmen's Compensation Insurance for employes of the State, and authorizing the Legislature to provide for the payment of premiums on such policies of insurance; providing the State shall never be required to purchase insurance for any employes; providing for the necessary publication and election; making an appropriation to pay for same.

**Be It Resolved by the Legislature of the State of Texas:**

Section 1. That Article 3 of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as Section 59, to read as follows:

Section 59. The Legislature shall have power to pass such laws as may be necessary to provide for Workmen's Compensation Insurance for such State employees, as in its judgment is necessary or required; and to provide for the payment of all costs, charges, and premiums on such policies of insurance; providing the State shall never be required to purchase insurance for any employee."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State on the first Tuesday after the first Monday in November, 1936, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words:

"For the Amendment authorizing the Legislature to provide for the payment of Workmen's Compensation Insurance for employees of the State."

And all those opposed shall write or have printed on their ballots the words:

"Against the Amendment authorizing the Legislature to provide for the payment of Workmen's Compensation Insurance for employees of the State."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have same published as required by the Constitution for Amendments.

Sec. 4. The sum of Five Thousand Dollars ($5,000) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State, not otherwise appropriated, to pay the expenses of such publication and election.

**A JOINT RESOLUTION**

Proposing an amendment to Section 11 of Article IV of the Constitution of the State of Texas, so as to provide for a Board of Pardons and Paroles, composed of three members, whose terms of office shall be for a period of six years, one to be appointed by the Governor, one by the Chief Justice of the Supreme Court of the State of Texas, and one by the presiding Justice of the Court of Criminal Appeals, such appointments to be with the advice and consent of two-thirds of the Senate present; and so as to provide that the Governor of the State shall have the power on the recommendation and advice of the majority of the Board of Pardons and Paroles to grant reprieves, commutations of punishment and pardons and to remit fines and forfeitures, and, with the advice and consent of the Legislature, to grant reprieves, commutations of punishment and pardons in cases of treason; and to provide that the Governor shall have power to grant one reprieve in any capital case not to exceed thirty (30) days; and shall have the power to revoke paroles and conditional pardons; and to provide that the Legislature shall have authority to regulate procedure before the Board and to enact parole laws; and to provide for an election for such proposed constitutional amendment, and to make an appropriation therefor.

**Be It Resolved by the Legislature of the State of Texas:**

Section 1. That Section 11 of Article IV, of the Constitution of the State of Texas be amended so as hereafter to read as follows:

"Section 11. There is hereby created a Board of Pardons and Paroles, to be composed of three members, who shall have been resident citizens of the State of Texas for a period of not less than two years immediately preceding such appointment, each of whom shall hold office for a term of six years; provided that of the members of the first board appointed, one shall serve for two years, one for four years and one for six years from the first day of February, 1937, and they shall cast lots for their respective terms. One member of said Board shall be appointed by the Governor, one member by the Chief Justice of the Supreme Court of the State of Texas, and one member by the presiding Justice of the Court of Criminal Appeals; the appointments of all members of said Board shall be made with the advice and consent of two-thirds of the Senate present. Each vacancy shall be filled by the respective appointing power that theretofore made the appointment to such position and the appointive powers shall have the authority to make recess appointments until the convening of the Senate.

In all criminal cases, except treason and impeachment, the Governor shall have power, after conviction, on the written signed recommendation and advice of the Board of Pardons and Paroles, or a majority thereof, to grant reprieves and commutations of punishment and pardons; and under such rules as the Legislature may prescribe, and upon the written recommendation and advice of a majority of the Board of Pardons and Paroles, he shall have the power to remit fines and forfeitures. The Governor shall have the power to grant one reprieve in any capital case for a period not to exceed thirty (30) days; and he shall have the power to revoke paroles and conditional pardons. With the advice and consent of the Legislature, he may grant reprieves, commutations of punishment and pardons in cases of treason.

The Legislature shall have power to regulate procedure before the Board of Pardons and Paroles and shall require it to keep record of its actions and the reasons therefor, and shall have authority to enact parole laws."

Section 2. The foregoing constitutional amendment shall be submitted to the electors of this State who are qualified to vote on proposed constitutional amendments at the general election to be held on the first Tuesday after the first Monday in November, A. D. 1936, at which election each ballot shall have printed thereon the words:

"For the amendment of Section 11 of Article IV of the Constitution of the State of Texas, so as to provide for a Board of Pardons and Paroles, and to make the Governor's pardoning power subject to recommendation of said Board, except in cases of treason the Governor may grant reprieves, commutations and pardons with the advice and consent of the Legislature.

"Against the amendment of Section 11 of Article IV of the Constitution of the State of Texas, so as to provide for a Board of Pardons and Paroles, and to make the Governor's pardoning power subject to recommendation of said Board, except in cases of treason the Governor may grant reprieves, commutations and pardons with the advice and consent of the Legislature."

Each voter shall strike out with pen or pencil the clause which does not indicate his desire regarding the above proposed amendment.

Sec. 3. The Governor is hereby directed to issue the necessary proclamation for said election, and to have the above proposed amendment published in the manner and for the time required by the Constitution and laws of this State.

Sec. 4. The sum of Five Thousand ($5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury not otherwise appropriated to pay the expenses of such publication and election.

**A JOINT RESOLUTION**

proposing an amendment to the Constitution of the State of Texas fixing the salaries of certain constitutional officers by amending Section 5 of Article 4 of the Constitution of the State of Texas fixing the salary of the Governor at Twelve Thousand ($12,000.00) Dollars per annum; by amending Section 22 of Article 4 of the Constitution of the State of Texas fixing the salary of the Attorney General at Ten Thousand ($10,000.00) Dollars per annum; by amending Section 23 of Article 4 of the Constitution of the State of Texas fixing the salary of the Comptroller, Treasurer and Commissioner of the General Land Office at Six Thousand ($6,000.00) Dollars per annum and by amending Section 21 of Article 4 of the Constitution of the State of Texas fixing the salary of the Secretary of State at Six Thousand ($6,000.00) Dollars per annum; providing for its submission to the voters of the State of Texas as required by the Constitution, and making an appropriation therefor.

**Be It Resolved by the Legislature of the State of Texas:**

Section 1. That Section 5 of Article 4 of the Constitution of the State of Texas be so amended as to hereafter read as follows:

"Sec. 5. The Governor shall, at stated times, receive as compensation for his services an annual salary of Twelve Thousand ($12,000.00) Dollars and no more, and shall have the use and occupation of the Governor's Mansion, fixtures and furniture; provided that the amendment shall not become effective until the third Tuesday in January, 1937."

Sec. 2. That Section 22 of Article 4 of the Constitution of the State of Texas be so amended as to hereafter read as follows:

"Sec. 22. The Attorney General shall hold office for two years and until his successor is duly qualified. He shall represent the State in all suits and pleas in the Supreme Court of the State in which the State may be a party, and shall especially inquire into the charter rights of all private corporations, and from time to time, in the name of the State, take such action in the courts as may be proper and necessary to prevent any private corporation from exercising any power or demanding or collecting any species of taxes, tolls, freight or wharfage not authorized by law. He shall, whenever sufficient cause exists, seek a judicial forfeiture of such charters, unless otherwise expressly directed by law, and give legal advice in writing to the Governor and other executive officers, when requested by them, and perform such other duties as may be required of him by law. He shall reside at the seat of government during his continuance in office. He shall receive for his services an annual salary of Ten Thousand ($10,000.00) Dollars, and no more."

Sec. 3. That Section 23 of Article 4 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Sec. 23. The Comptroller of Public Accounts, the Treasurer, and the Commissioner of the General Land Office shall each hold office for the term of two years and until his successor is qualified; receive an annual salary of Six Thousand ($6,000.00) Dollars, and no more; reside at the Capitol of the State during his continuance in office, and perform such duties as are or may be required by law. They and the Secretary of State shall not receive to their own use any fees, costs or perquisites of office. All fees that may be payable by law for any service performed by any officers specified in this section, or in his office, shall be paid, when received, into the State Treasury."

Sec. 4. That Section 21 of Article 4 of the Constitution of the State of Texas be so amended as to hereafter read as follows:

"Sec. 21. There shall be a Secretary of State, who shall be appointed by the Governor, by and with the advice and consent of the Senate, and who shall continue in office during the term of service of the Governor. He shall authenticate the publication of the laws, and keep a fair register of all official acts and proceedings of the Governor, and shall, when required, lay the same and all papers, minutes and vouchers relative thereto, before the Legislature, or either House thereof, and shall perform such other duties as may be required of him by law. He shall receive for his services an annual salary of Six Thousand ($6,000.00) Dollars, and no more."

Sec. 5. Said proposed Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at the next general election to be held throughout the State on the first Tuesday after the first Monday in November, 1936, at which election all voters favoring such proposed Amendment shall write or have printed on their ballots the words:

"For the Amendment to the State Constitution fixing the salary of the Governor at Twelve Thousand ($12,000.00) Dollars per annum; the salary of the Attorney General at Ten Thousand ($10,000.00) Dollars per annum; the salary of the Comptroller, Treasurer and Commissioner of the General Land Office at Six Thousand ($6,000.00) Dollars per annum, and the salary of the Secretary of State at Six Thousand ($6,000.00) Dollars per annum."

And those voters opposing said proposed Amendment shall write or have printed on their ballots the words:

"Against the Amendment to the State Constitution fixing the salary of the Governor at Twelve Thousand ($12,000.00) Dollars per annum; the salary of the Attorney General at Ten Thousand ($10,000.00) Dollars per annum; the salary of the Comptroller, Treasurer and Commissioner of the General Land Office at Six Thousand ($6,000.00) Dollars per annum, and the salary of the Secretary of State at Six Thousand ($6,000.00) Dollars per annum."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the State Constitution.

Sec. 6. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and Laws of this State.

Sec. 7. The sum of Five Thousand ($5,000.00) Dollars or so much thereof as may be necessary, is hereby appropriated out of the State Treasury to pay for the expenses of said publication and election.

**A JOINT RESOLUTION**

proposing an Amendment to Section 26 of Article 3, of the Constitution of Texas by adding thereto Section 26a, providing that under no apportionment shall any county be entitled to more than seven (7) Representatives unless the population of such county shall exceed seven hundred thousand (700,000) people; providing for the apportionment in counties of more than seven hundred thousand (700,000) people; providing for its submission to the voters as required by the Constitution and making an appropriation therefor.

**Be It Resolved by the Legislature of the State of Texas:**

Section 1. That Section 26, of Article 3, of the Constitution of Texas, be amended by adding thereto Section 26a, as follows:

"Section 26a. Provided however, that no county shall be entitled to or have under any apportionment more than seven (7) Representatives unless the population of such county shall exceed seven hundred thousand (700,000) people as ascertained by the most recent United States Census, in which event such county shall be entitled to one additional Representative for each one hundred thousand (100,000) population in excess of seven hundred thousand (700,000) population as shown by the latest United States Census; nor shall any district be created which would permit any county to have more than seven (7) Representatives except under the conditions set forth above."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State, at the next General Election, to be held on the first Tuesday after the first Monday in November, 1936, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words:

"For the Amendment to the Constitution of Texas, limiting every county to not more than seven (7) Representatives under any apportionment unless said county shall have a population of more than seven hundred thousand (700,000) people as ascertained by the most recent United States Census in which event such county shall be entitled to one additional Representative to each one hundred thousand (100,000) population in excess of seven hundred thousand (700,000) population."

And those opposed to said Amendment shall write or have printed on their ballots the words:

"Against the Amendment to the Constitution of Texas, limiting every county to not more than seven (7) Representatives under any apportionment unless said county shall have a population of more than seven hundred thousand (700,000) people as ascertained by the most recent United States Census in which event such county shall be entitled to one additional Representative to each one hundred thousand (100,000) population in excess of seven hundred thousand (700,000) population."

If it appears from the returns of said election that a majority of the voters are in favor of said Amendment, the same shall become a part of the State Constitution.

Sec. 3. The Governor of the State of Texas, is hereby directed to issue the necessary proclamation for said Election and to have same published as required by the Constitution for Amendments thereto.

Sec. 4. The sum of Ten Thousand Dollars ($10,000) or so much thereof as may be necessary is hereby appropriated out of any funds in the Treasury of the State of Texas, not otherwise appropriated, to pay the expense of such publication and election.

## Community Service Explained at Rotary Club Tuesday Noon

Wes Kleinschmidt, chairman of the Community Service Committee, talked Tuesday at the Rotary Club luncheon on the work of his committee.

"Rotary seeks to develop its individual members, and thereby help the community with the solution of its problems," stated the speaker. The Rotary Club is not a Chamber of Commerce, or other civic organization, but it seeks to encourage all such enterprises. Rotary seeks to eliminate duplication and competition among local agencies, and was largely responsible for the development of the community chest movement whereby all charities were budgeted.

Among the outstanding accomplishments of the local club are: boys' work, and students loan fund. Other clubs have sponsored the crippled children movement; promoting health regulations; improving housing conditions; improving citizenship through co-operation with the local officers and courts; reduction of adult illiteracy; encouraging city planning and civic beautification; improving rural-urban friendliness.

Visitors present Tuesday were: Mr. and Mrs. J. M. O'Brien and N. S. Griggs, of Amarillo; Emil Hutto of Canyon; Wm. Morford of Jackson, Tenn.

## Dramatic Club To Give Strong Type Play Today

The Dramatic Club of W. T. will present its last play of the summer session today at 3:30 o'clock in the Education Building auditorium.

Mr. C. W. Batchelder says that this thirty-minute one-act play is of a very forceful type and people of the town are cordially invited to attend this open production.

## *Santa Fe Starts New Special Stock Train Semi-Weekly*

Of special interest to all stockmen over this territory is the new fast stock train, inaugurated by the Santa Fe on August 8th, which leaves Canyon at 3:55 p. m. each Saturday and Tuesday, handling livestock for Oklahoma City, Okla., via Amarillo and Rock Island Railway and arriving at 7 o'clock a. m. next morning.

The time in transit from Canyon will only be 15 hours and five minutes, connecting closely with the Rock Island at Amarillo which recently inaugurated a fast service to Oklahoma City scheduled to arrive at 7:00 a. m. in ample time for next day's market.

This special service extends as far south as the Slaton and Lubbock territory; west for the Clovis territory and as far east as Pampa.

The Oklahoma City livestock market situated as it is, gives shippers another outlet for their livestock and a quick service from this territory not heretofore enjoyed.

## Street Topping

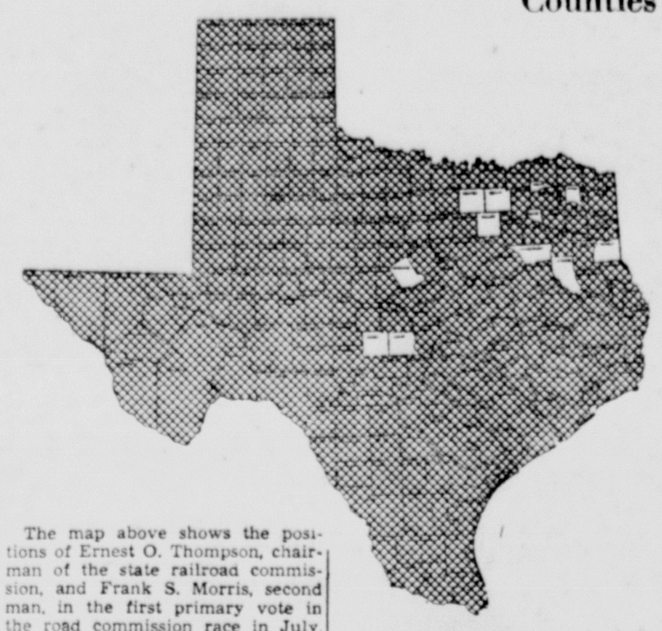
## Thompson Leads Morris In All But 12 Counties



The map above shows the positions of Ernest O. Thompson, chairman of the state railroad commission, and Frank S. Morris, second man, in the first primary vote in the road commission race in July. Last figures on the race showed that Thompson had led Morris 288,130 votes and had almost carried the election by a majority over all of his opponents.

Despite the overwhelming lead of his opponent, Morris is making a campaign in the run-off primary Aug. 22 against Thompson.

The shaded area shows the counties in which Thompson led Morris. The white ones were the only ones in which Morris ran ahead of the forceful railroad commission chairman. In the white counties, Morris' lead was only 9,666.

## Contract Let

(Continued from page one)

torical Society asked for $50,000 for a new unit, but this was reduced by the Centennial Commission to $25,000.

The basement is constructed so that two stories may be added at a later date when the money is available. This will be the only building on the campus which has been constructed by units.

The money remaining from the $25,000 appropriation after the basement is completed will be used in buying display cases. It was originally planned to save back $7,000 for display cases, but the contract of yesterday amounted to more than was intended to be put into the basement.

Dr. J. A. Hill was in Austin yesterday for the opening of the bids and wired The News of the results.

Lambie was contractor for the addition to Cousins Hall, for the ten cottages which are being completed, and has the contract for the swimming pool which is scheduled to start in a few days.

## Eighteen Are Now Enrolled in Adult Wardrobe Class

The adult class in wardrobe work under the direction of Miss Fannie Sue Brasuel has made rapid progress in the three meetings that they have had. The regular meeting time is at 8 o'clock each Tuesday and Thursday evening. At present the class is working on the unit of "Planning My Fall Wardrobe."

Last Tuesday "New Fall Styles and Ways One Might Adapt Them to One's Individual Personality," was the topic of discussion. In the lessons which are to follow each member of the class will plan her fall clothes to suit her individual needs. Last year's clothes will be remodeled and new garments and accessories will be planned to supplement the clothes each one has on hand.

The eighteen women and girls enrolled are Mrs. Fred Hart, Mrs. M. W. Gordy, Mrs. Jim Cheyne, Mrs. John Davis, Mrs. Henry Cone; Misses Lillian Davis, Arneta Kirkpatrick, Lorna Cone, Blanche and Ruth Enoch, Ruby and Robbie Foster, Mildred and Lorene Bessire, Christine Shackelford, Athalie Overton, Frances Gill and Thelma Bryant.

## Call By Cemetery Association For Aid, Water Funds

Members of the Randall County Cemetery Association are making an urgent request of everyone interested in the Dreamland Cemetery to rally to the call for funds.

The continued dry weather made it imperative that something be done at the Cemetery in the way of furnishing more water to keep the shrubbery and trees alive; so the Association members bought an engine for pumping water, and have contracted for a new supply tank. The County Commissioners Court has agreed to help on this project, but private contributions must supply the balance.

This is the first appeal for money the Association has made this year, and those interested in the continued improvement of the Cemetery grounds should make a contribution, which may be left at the First National Bank, at the News office or with Mrs. Ed Harrell.

## Sunny Hill News
